

## Pertinent Paragraphs

Can you do several different things at the same time? You will have to do that these next few weeks. There is the Horse Show, the Business Directory, the Chamber of Commerce membership Campaign, the Community Picnic preparations, Graduation, etc.

More than two hundred dollars have been turned in together with more than one hundred listings for the Lemon Grove Business Directory. The list is now being revised and will be handed to the printers on June 20th. Don't wait till the last day to check your listings. Do it now. Get this matter off your mind. A lot of Business Places would like to pay big money for a listing in this exclusive directory. Only those who are located within the Lemon Grove School District have the right and privilege to be listed. Don't lose your rights and privileges by not using them. This is no money making affair. It is a non profit effort to provide for the residents of the district the kind of directory they want, purely home-town listings. Phone now H6-6827.

The Horse Show is on the 19th of June. The final cut-off date for the Business Directory is on June 20th. The Community Picnic is on July 17th.

The Chamber of Commerce Membership Drive is away to a good start. Make it easy for those who are devoting their time to this drive. They are only enlisting the residents of Lemon Grove in one all-

LEMON GROVE, CALIFORNIA THURSDAY JUNE 9, 1949

NUMBER 52

### Vista La Mesa Women's Club

The Vista La Mesa Women's Club will hold their annual pot luck dinner instead of the regular meeting, June 14, at 6.00 p.m.

Husbands will be the guests. The dinner will be followed by a movie in color. As this will be a travelogue it comes at the right time when everyone is thinking of getting ready for vacation trips.

The meeting is to be held at the Christian Church Vista La Mesa.

The committee in charge of Mrs. Ruth Morgan requests that food be there by 5:30 p.m. if possible.

embracing organization. After that it is up to the new members to make the Chamber of Commerce the kind of organization Lemon Grove needs.

### New Baseball Grounds Now Ready On Imperial Avenue

A new Baseball Field has been put in shape on Imperial Avenue through combined community effort. The new local community effort.

The new location was provided by Mr. Santoz and baseball enthusiasts, partly financed by local business men, have made it into a first class baseball field, centrally located.

The first game of the season was lost by the Lemon Grove boys team in a well played game on the home grounds to Casa de Ore by a score of 6 to 4. A return game will be played with Casa de Ore on their grounds Sunday June 12 at 2 o'clock.

All boys interested in baseball should come out and help in organizing more ball teams. Fathers interested should come out and assist them.

The following citizens and merchants are thanked by the boys for their help and cooperation in making it possible for them to have their own ball field and equipment.

### New Business In Lemon Grove

Mr. Bart Swan formerly employed by A. E. Donnelly has started a new and unusual business in Lemon Grove.

He is calling it the Swan Home Movie Company. He will take home movies for people who have no movie camera but would like a record of some special event. He will take a fifty foot roll of 8MM film, add a title edit it, and then show it by projector in the home.

Mr. Swan feels that in these films people will have something irreplaceable in years to come.

### Business Men Receive Report On July 17 Picnic

C. Forrest Baxter, reported to the Lemon Grove Business Men's meeting Tuesday, morning on the arrangements made for the Lemon Grove Community Picnic to be held on July 17th at El Monte Park.

Arrangements had been made to contact all associations through the Co-ordinating Council, and the report showed unanimous support for the undertaking.

Vista La Mesa and Monterey Heights Civic Organizations, together with the Lemon Grove Business Women's association, Lions Club, etc., will take charge of refreshments games, etc.

The Business Men's Committee will be on the grounds at 10 a.m. to make arrangements and ball games are expected to get under way at noon. Everybody is expected to bring a lunch basket and the Ladies Associations will sell liquid refreshments.

The business directory progress was thoroughly discussed, especially the historical and statistical information to be placed in the hands of the printers soon.

## THIS AND THAT

by Dr. Frank Weege, D. C.

When are HERBS herbs, and when do they become drugs? Herbs become drugs when they are chemically treated; an artificial manufacturing process whereby harmless herbs are rendered into harmful "medicine," which would make us ill when we are healthy, but supposed to make us healthy when we are ill.

Herbs are nature's products. Drugs are the products of laboratories. The first are healing agents of the drugless profession, the latter are employed by the doctor of medicine. Herbs are used as tonics, stomachics, diuretics, cholagogues, alteratives, emollients, etc.

Herbs are used to aid nature—drugs to combat disease. The difference is a fundamental one. The drugless doctor, by aiding nature, supports man's inherent vitality, by which alone he must be healed. The medical doctor, by combatting the disease (in adding poison from without to the poison within) adds to the burden man's innate healing power must overcome.

Why should the drugless profession turn to herbs? because the body is an organic structure which can only assimilate chemicals which have passed through plant-life to be organized for human consumption. Introduced in this form, they have the power to transform the energy of the sunlight into chemical energy of organic compounds. Energy for vital processes is derived from the sun. Chlorophyll, the green pigment of plant leaves, is converted by solar energy, or to quote Dr. Schertz; This pigment appears to be Nature's laboratory for converting energy into matter. In other words, plants absorb the rays from the sun, rays of color, spectral division of solar light, and so do animals and men. All in turn deriving their physical sustenance from the mineral, vegetable and animal kingdoms.

The earth itself contains all the elements of which the body is built. Is it not said that man, e.g., our physical body, is made from the dust of the earth to which it must return? But again, all chemistry from which animal and plant life take their need for growth and

## They Deserve The Best

When it comes to food, your family deserves the best. This is particularly true when it comes to buying dairy products.

When you rely on us for all of your dairy products you are assured of high quality, and completely sanitary plant conditions. These things have given us a reputation of reliability and the best in dairy products.

**MILLER'S DAIRY**

953 Mt. Vernon H 6-5319

development was deposited in the earth and water by the sun. Is it any wonder then that light and color rays have been employed as natural healing agents since remote antiquity and again find their rightful place in the field of the drugless profession?

Too long have we set ourselves apart from nature which encompasses all—so closely interwoven. In fact it is said that it is impossible to distinguish between a single cell of the vegetable, animal or human kingdom, still it is by the union of cells that every organized structure is built.

Continual flux, eternal motion is one other principle. We cannot breathe or think without the processes of disintegration and integration going on. Even in the heartbeat tissue is lost and replaced. How does this replacement of lost tissue occur, if not by what we eat and drink and the vital processes related herewith? Dietetics, therefore, is another phase of healing the drugless profession does not overlook. What these vital forces are is a question the answer to which lies in the realm of philosophy—but cannot be ignored if man desires to know himself.

And so the quest goes on, for no one thing stands by itself. Life is one great panorama of interwoven, endless varieties. This means, that since no two living entities are exactly alike, neither will they react exactly alike to similar treatment, apart from those generalities established by what man accepts to be the law of average. The fact is that a true physician must feel his way, often by no other method than that of elimination and trial, to which his general knowledge of anatomical structures and their physiological processes must be a guide. Thus, what is termed medical "science" is more accurately described as the art of healing. We all know of doctors who for every case in each category prescribe the same formula, despite which procedure most patients recover, thanks to their own vitality. This does not mean that we can do no more, nor better, than sit still and watch nature do her work. We can co-operate, and this, as should be obvious, is only possible by the use of natural means. We may even go a step further. It is a public

secret—though too often overlooked—that many diagnoses are incorrect and consequently patients are treated for something with which they do not ail. What happens in those cases if we rely on poisonous drugs or surgery? Of course, natural means too will be used amiss—but if they do not cure, at least they do not kill! It is a negative view, but not without value.

Aristotle (as quoted in the

Century of Progress Hall of Science) said: "If there is one way better than another, it is the way of nature."

Citing a statement of more modern times we quote Professor A. H. Stevens, M.D. (of New York College of Physicians and Surgeons) in the forward of "Non-Poisonous Herbal Medicine" page IX. Says Professor Stevens: "The older physicians grow, the more sceptical they become of the

virtues of medicine, and the more they are disposed to trust the powers of Nature. . . . The reason medicine has ad-

vanced so slowly is that physicians have studied the writings of their predecessors, instead of Nature."

## Briefly Stated FACTS

### About the Community of Lemon Grove, California

**LOCATION:** East on Broadway eight miles from San Diego, 15 minutes driving time.

**POPULATION:** Estimated at 9,500 — an average increase of about 100 per month for the last five years.

**SCHOOLS:** Enrollment 1,420. Several class rooms are being built, and a grant of over a quarter million dollars has been made by the state to meet the urgent need for additional facilities. This provides two new schools — to serve the heavily populated areas of Vista La Mesa, (now in use) and Monterey Heights — (now building). A faculty of 44 now employed. (High school, Grossmont Union — free bus.)

**CHURCHES:** Catholic — a \$50,000 property — has five acres adjoining — a school has been built — first unit now in operation. Congregational — oldest church, is now completing a \$40,000 addition and improvements. Baptist: Building now, on new site — will cost probably \$50,000 when completed. Adventists: have a beautiful old style building, and a one-classroom school, worth around \$35,000. Christian: new building, costing \$20,000 has been completed in Vista La Mesa.

**BUILDING:** Permits have averaged about \$2,000,000 annually last three years. Over 2,500 homes — and 99% owner occupied.

**POST OFFICE:** Now in new and modern quarters, fronting on Broadway, and having three times the floor space of the old building — which was built in 1940. Mounted Carriers serve the entire district.

**BANK:** The First National Bank will open soon, in the new room on West side of Post Office, where they will operate pending the selection of a site, and the erection of a proper banking house, as the need of the community can be determined.

**BUSINESSES:** Piggly Wiggly, a \$150,000 development, housing their food store, and six additional business rentals; Shopping Center—(formerly Sonka Bros.) long rated the largest store in the county — unincorporated area — based on sales volume; Lemon Grove Review, a semi-weekly newspaper, with up-to-date plant; Cinema-Dine drive-in theatre,

capacity 600 cars, and one of the finest — represents an investment of \$150,000; Grove Theatre — new, modern motion picture house, cost about \$50,000; Pet Hospital, among the best, another \$50,000 enterprise; two up-to-date drug stores; Western Auto Supply store; Department store; Restaurant and more than one hundred other businesses, ranging thru — two modern lumber yards — four cabinet shops — several food stores — half a dozen wine and beer places — two dine and dance spots — four feed and supply stores — three nurseries — several garages and gas stations — three trailer courts, all full.

**LEMON PACKING HOUSE:** Picks and processes an annual average of 225 car loads, and employs 40 to 75; represents an Association investment of over \$200,000.

**CLUBS:** Women's Forward Club, one of the old and popular clubs of the county. Has a large membership and owns, free of debt, a comfortable clubhouse, which is also used for general community meetings, dances, etc. Chamber of Commerce, with 150 paid members. Also other groups of civic nature, including new and aggressive Lions Club, and a Business Men's breakfast club.

**WATER:** La Mesa, Lemon Grove & Spring Valley Irrigation District. Water from Cuyamaca and El Capitan lakes. We also participate in the Colorado River water, now coming into the district. Our rates are favorable — being .25 per 100 cubic feet to start, and dropping down to .07 above 6,000 feet.

**UTILITIES:** Gas and Electricity supplied by the San Diego Gas & Electric Company.

**TRANSPORTATION:** Two bus lines connect our community with downtown San Diego, and give us joint service with La Mesa, Spring Valley, Casa de Oro, Helix Homelands, and Encanto. This service meets our present needs very fairly.

**ASSESSED VALUATION:** \$4,488,340. — up from \$2,177,520 in 1946.

**TAX RATE:** County and school — and water and library, \$5.20. No city tax — Not incorporated.

**OUR POPULATION** includes many retired Army and Navy personnel — people from colder sections who would rather live here — San Diego business and professional men who prefer to live in our superb climate. Local products are chiefly fruit, poultry, eggs and vegetables — and flowers.

THEOSOPHICAL  
STUDY GROUP

Guest speaker at the Lemon  
Grove Theosophical Study  
Group meeting to be held  
Monday at 8 o'clock p.m. will  
be Mr. T. T. Clemesha, presi-  
dent of the La Mesa Theoso-  
phical Lodge. He has chosen  
for his subject "Shakespeare,  
the Mystic."

Following the talk there will  
be a forum period for questions  
and answers and a general dis-  
cussion of the subject present-  
ed.

The meeting will be held in  
the home of Ruth Schulte,  
2850 Cypress Street.

Let us have faith that right  
makes might, and in that faith  
let us to the end dare to do  
our duty as we understand it.  
—Abraham Lincoln

# DDT FOR PARASITES ON RABBITS

External parasites, such as fleas, can be successfully controlled on rabbits by the use of DDT, Robert H. Adolph, Assistant Farm Advisor of the University of California Agricultural Extension Service, reports.

By using five per cent DDT in talc, the rabbits do not suffer any ill effects.

Adolph recommends two methods of application:

A dusting powder containing five per cent DDT in talc can be applied to the rabbits by shaking the dust from a quart size Mason jar with a perforated lid.

A generous amount of the DDT dust can be placed in the bottom of a cellophane bag large enough to contain the body of a rabbit, leaving its head out of the bag. Tapping the outside of the bag the dust, causes the powder to rise in a cloud to settle in the fur.

## BEGINNING UPHOLSTERING

Beginning upholstery will be the subject of meetings in rural communities wherein women will learn the principles of simple upholstery. These meetings are part of the Agricultural Extension Service program which is carried on in cooperation with the San Diego County Farm Bureau Home Department and other interested groups.

"Those interested in attending the meetings on beginning upholstery which will be led by trained project leaders should obtain enrollment cards from chairmen or project leaders", announces Delphine D. Wilson, Home Demonstration Agent. The meetings will be held during the first three weeks of June.

The chairmen who have enrollment cards are: Mrs. W. J. Center, El Cajon; Mrs. Mable Bruns, Encinitas; Mrs. Homer

Robb, Escondido; Mrs. D. B. Ruse, El Cajon; Mrs. R. E. Neiman, Lakeside; Mrs. Ivan Pocklington, San Diego; Mrs. H. Campbell, Lemon Grove; Mrs. George Carstanoff, National City; Mrs. Henry Gale, Pala; Mrs. Marion Fowler, Dulzura; Mrs. Al Lutz, Pomay; Mrs. A. N. Whigham Ramona; Mrs. Joe Peachy, Valley Center; Mrs. E. L. Schoneman, Vista; and Mrs. E. A. Boillot, Carlsbad.

Those attending the beginning upholstery meetings will make an upholstered foot stool which includes all the principles of simple upholstery, from tacking in the webbing, placing and tying springs, to the padding and final covering.

## 'COLORADO' STORY CALLED BIG AS LIFE

Big budget, triple-A action films have always been surefire with moviegoers even though they relied principally on frantic chases, plenty of gunfire and stampedes. But whenever they have had the additional asset of an interesting and dramatic story to tell, they have gained manifold in stature.

Director Henry Levin believes that Columbia's Technicolor out-door action epic, "The Man from Colorado," at the Grove Theatre, Friday and Saturday, June 10, 11, is such a picture. His authority to pass judgment is solidly based on his success with "The Fighting Guardsman," "The Bandit of Sherwood Forest," and "The Return of Monte Cristo."

"Action for itself alone," Levin avers, "is no longer enough. There must be a big idea, a human and pertinent problem, true to life. There must be a theme which means something more than just a boy-girl story with cattle for a back-ground."

Besides an unusual triangle love story, involving stars Glenn Ford and William

## LEMON GROVE REVIEW Thursday June 9, 1949

Holden, and top featured player Ellen Drew, Levin's latest, "The Man from Colorado" treats of the bruising, brawling young frontier, pulsing to life in the backwash of battle in post-Civil War Colorado.

Consequently," he says, "When we have a chase, it means something important. The hundreds of men and horses are going somewhere that counts. When we burn down a whole mining town because of the tyranny of one man, it is not just the flames which excite the audience. It's also the tragedy of the human beings involved."

## 'HILLS' HIDE BURIED GOLD

Columbia's "The Walking Hills," story of nine men and a woman on a dramatic hunt for buried desert treasure, is coming to the Grove Theatre on Sunday and Monday, June 12 and 13. Randolph Scott and Ella Raines are co-starred, with William Bishop, Edgar Buchanan, Arthur Kennedy, John Ireland, Jerome Courtland and Josh White, the blues singer, the principal supporting players.

The plot is said to relate the dramatic happenings that occur when a strange company of adventurers and outcasts brave the desert's fury on a weird quest for a fabulous treasure trove believed to have been lost in the awesome Walking Hills (shifting sand dunes), somewhat north of the Mexican border.

John Sturges directed from Alan LeMay's story and screenplay, with additional dialogue supplied by Virginia Roddick. Harry Joe Brown produced "The Walking Hills" for Columbia Pictures.

## CALENDAR OF EVENTS

Every Wednesday evening Mission Rancho Post 1511, Catholic War Veterans will have their regular social every Wednesday evening after devotions, at 8:30, instead of every Friday.

## SLIP OF THE TONGUE RAISES THE JACKPOT

The boys on the set of Twentieth Century-Fox's "Mother Is A Freshman," new Technicolor comedy which stars Loretta Young and Van Johnson at the Grove Theatre, Tuesday, Wednesday, Thursday, June 14, 15, 16, not only had to mind their cues but they had to avoid the P's—for profanity.

Even the smallest little cuss words brought a fine, as a result of a rule established by Loretta. And the attractive Academy Award winner enforced her edict in person, collecting ten cents to a half dollar from anyone caught with an unguarded tongue. Nearly everyone connected with the production was caught at least once, and one forgetful offender kicked into the kitty a total of twenty-five times.

Loretta rang the bell on agents and actors from other

sets, who, though classified as visitors, were required to come up with something other than conversation.

No one objected to the scheme, though, because the entire proceeds were turned over to the St. Anne's hospital of Los Angeles.

## WEISSMULLER ROLE AS JUNGLE JIM HIS 3RD LEGEND

It pays to be a legend!

So far, Johnny Weissmuller has been three of them, and they've all paid off.

Johnny first became a legend when he himself thought he was merely winning an occasional swimming tournament or, more spectacular, an Olympic championship or two. By the time Johnny quit competition, he had piled up the astounding mark of five Olympic swimming titles, 52 national championships and 67

world's records, some of which still have not been bettered. In addition, he was never once beaten in competition, a record no other swimming champion and few other athletes of any kind can boast.

Legend No 1 "paid off" indirectly, by leading Weissmuller straight to Hollywood stardom, with its financial and other rewards, as a jungle hero. That was Legend No. 2, and it led the fabulous Weissmuller into the third stage of his fabulous career, making him a "natural" for his newest stardom.

Now, Weissmuller is embarked upon Legend No. 3 his new screen role at the Grove Theatre Friday and Saturday June 10, 11. As "Jungle Jim," in the new Columbia picture with Virginia Grey and George Reeves, Weissmuller portrays the jungle daredevil who is the hero of one of the most popular newspaper cartoon strips.
